Chugim:

Israeli Literacy Enrichment

Grades K-5 (*min. of 5 students*)

Led by our Hebrew teacher, Joan Waldman, this immersive Hebrew enrichment program is designed for Israeli families seeking continued language development in a fun and meaningful environment. Students will engage in contemporary Hebrew language instruction, Israeli culture, social play, and hands-on projects. Through stories, books, skits, and games, participants strengthen both their Hebrew fluency and connection to Israeli identity.

Jewish Storytelling Through the Arts

Grades K–5 (*min. of 5 students*)

Led by Gila Yudewitz, this creative after-school program brings Jewish learning to life through the arts. Each week, students explore a different Jewish concept—ranging from holiday traditions and Torah stories to brachot (blessings) and Jewish values—and express their learning through unique creative projects. Students will learn to tell stories through a variety of artistic mediums, including skits, storytelling, visual art, creative writing, and more, while building connections to Jewish traditions and ideas in a fun and engaging environment.

Israeli Folk Dancing

Grades 3-8 (*min. of 10 students*)

Students will explore the joy and energy of Israeli folk dancing while building connections to Hebrew language, Israeli culture, and one another. Through music, and movement dancers will learn traditional and modern Israeli dances in a fun and supportive environment. Beyond learning choreography, this class is designed to help students grow their confidence, stage presence, and comfort performing in front of others. Whether preparing for a B-Mitzvah, school presentations, public speaking opportunities, or leadership roles, students will develop valuable skills in self-expression, teamwork, and confidence while having fun and building community together.

Transportation

Part of the Enrollment form will have a question about transportation from Cottage, Heights, and East Elementary Schools and the Middle School. This is to determine interest, but you will not be charged based on your answers. Please fill out this part of the Enrollment form for each
